

Last board discussion on board recruitment (from minutes of September 2014):

“Carol proposed adding four new board members by the end of the current fiscal year and presented a new recruitment and screening process. This calls for nominations from current board members, initial screening of candidate names by the board, interviews by board development committee, invitation to attend one or more board meetings, follow up interview by committee and finally recommendations to board from committee. There was a discussion of ten potential candidates with an emphasis on Wasco County and based on this priorities were set.”
