

Dear Gorge Community Foundation,

I can't begin to tell you how excited we all were to receive your grant of \$21,000.00! Now we can proceed with the ADA ramp and step, the refurbishing of the garage with a cement floor, doors and shelving, the much needed ice machine and additional tables and chairs. All of these things will help us operate more efficiently.

Your Foundation and the Dr. Isai and Dr. Ellen Hososky Fund are a Godsend to so many like us. You all play

a huge role in organizations such as ours.

On behalf of the Monument Seniors,
I say thank you!

We and all we serve deeply appreciate this grant and will be forever grateful.

With sincere gratitude,

Monument Seniors
