

Discretionary Grant Policies
August 24, 2020

As of this date, discretionary grants are made from the following three funds:

The Joan Burchell Fund
The Gorge Trust Fund
The Riddell and Athalie Lage Fund

There are no restrictions on any of these funds as to charitable purpose. The Gorge Trust Fund has stated charitable purposes, but these are sufficiently broad to encompass most grant requests.

The Joan Burchell grant committee will be changed to the Community Grant Committee and will review and recommend grants for all three funds.

The current Joan Burchell grant guidelines will be changed to reflect the inclusion of the additional funds. The website will also be updated to reflect the changes.

The grant cycle will be at the same time annually and grant recommendations will be made to the GCF board simultaneously for all three funds. Available funds from two or more endowment funds may be combined to make a single grant.

The identity of the fund from which the grant is being made will be disclosed to the grantees.
